HSE reports rise in cocaine poisoning cases

Emily Sheahan

June 9 2019, 12:01am, The Sunday Times

Experts say the use of cocaine has become normalised
LISAFX

Almost 100 people were diagnosed with non-fatal cocaine poisoning last year in Ireland, new figures released by the HSE show. This statistic adds to evidence of the increased prevalence of the drug, following a report last week that suggested Ireland had the third-highest cocaine use in Europe.
